

# *iPhone Setup Guide for acq.edu (IMAP).*

**Step 1:** From the iPhone Home screen tap **Settings**.

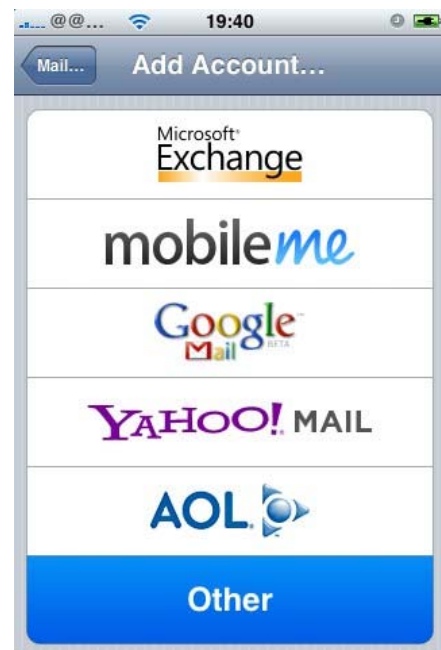

**Step 2:** Tap "Mail, Contacts, Calendars".

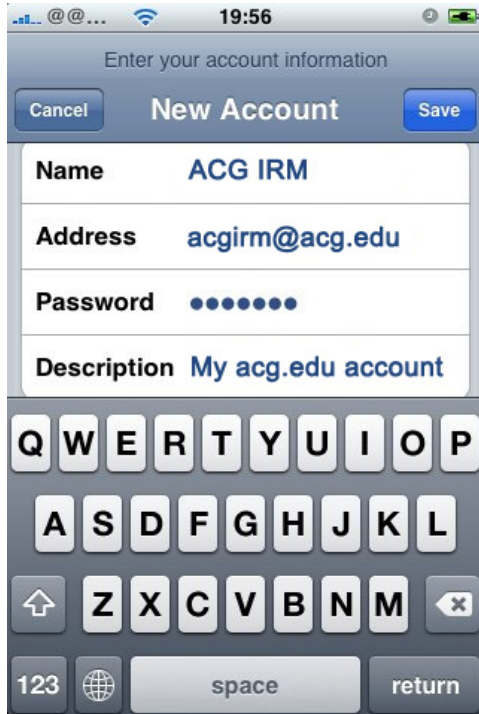

**Step 3:** Choose "Add Account..." under "Accounts".

**Step 4:** Tap "Other".

**Step 5:** Enter your name under **Name**. Tap your full acg.edu address under **Address**. Enter your acg.edu password under **Password**. Tap a description under **Description**. Now tap **Save**.

**Step 6:** Choose IMAP. (The settings are exactly the same for the POP protocol).

The settings are the following:

**Incoming Mail Server**

Host Name : pod51002.outlook.com  
User Name : your complete acg.edu username  
Password : your password

**Outgoing Mail Server**

Host Name : pod51002.outlook.com  
User Name : your complete acg.edu username  
Password : your password
